2015 SPRING/SUMMER PARTS STOCKING PROGRAM!

PROGRAM RULES

Customers placing an initial stock order between April 1, 2015 – September 30, 2015 are eligible to purchase merchandise at the special buy-in discount prices throughout the program. **All three price Levels will be valid thru September 30, 2015.**

LEVEL 1 PRICING

Place a \$500.00 order for delivery during the program dates and use special pricing in the Level 1 price column.

LEVEL 2 PRICING

Place a \$1000.00 order for delivery during the program dates and use special pricing in the Level 2 price column.

LEVEL 3 PRICING

Place a \$1500.00 order for delivery during the program dates and use special pricing in the Level 3 price column AND receive 90 day payment*. Subsequent orders at \$1500.00 will also qualify for 90 day payment terms*.

**Program terms are contingent upon credit approval.*

GEMTECH
LIQUID LINE DRIER

	LEVEL 1	LEVEL 2	LEVEL 3
LIQUID LINE DRIER 3/8" 8 CUBIC IN. GTLLD083S 156695	\$5.16	\$5.06	\$4.90
LIQUID LINE DRIER 3/8" 16 CUBIC IN. GTLLD163S 156696	\$6.46	\$6.33	\$6.14

Each item in this flyer will contain all three price levels as demonstrated in the example to the left. The percentage of savings has already been figured for quick pricing. This will allow you, our loyal customer, to know instantly what your potential savings will be.

Some products stocked regionally.
Contact your local Sales Center for availability.

HOW TO PARTICIPATE:

- Contact your local Sales Center personnel (see "Locations" on the back inside cover page)
- Contact your local Territory Manager
- Call 1-800-226-2665 to obtain your local Sales Center location

For Gemaire personnel only – When processing the qualifying order:

GEMAIRE

For Level 1 orders - Enter code "LEVEL1 or 333086" as a line item on initial qualifying order and enter Level 1 price on the order.

For Level 2 orders - Enter code "LEVEL2 or 333087" as a line item on initial qualifying order and enter Level 2 price on the order.

For Level 3 orders - Enter code "LEVEL3 or 333088" as a line item on initial qualifying order and enter Level 3 price on the order.

Enroll in the 2015 Spring/Summer Parts Stocking Program, reach your goal and choose from one of the fine rewards shown below.

It's as easy as 1-2-3!

1. Enroll in the 2015 Spring/Summer Parts Stocking Program with a \$500, \$1000 or \$1500 order.
2. Determine with your Gemaire Sales Team what your Goal is for the Spring/Summer Program.
3. At the end of the program, if you have reached your Goal we will award you with one of the great rewards available this season.

This season you have up to 6 months to attain your Goal at these great prices!

You start earning towards your quota in the month you sign up, so place your orders in April to take full advantage of the program!

And, anytime during the season Level 1 accounts can step up a Level 2 [or 3] by adding another \$500 or \$1000 qualifying order. But why not enjoy the super special Level 3 pricing all Season by entering your \$1500 order early. We'll even provide 90 day financing to qualifying accounts! All rewards will be distributed no later than 10/30/15. All parts purchases count toward your goal, so think of us for all your parts needs. One reward per Customer. All accounts must remain current and in good standing throughout the program period. We reserve the right to cancel or modify this promotion at any time. Promotion/reward open only to Contractors enrolled in the Spring/Summer Parts Stocking Program and purchasing at Level 1, 2, or 3 pricing.

This Season's Reward Group

Your Choice of One:

iPad Mini

SMAN460 Gauges

Milwaukee Tool Package 1

Quota Buster Rewards

Exceed your quota by 10% and select one of these rewards in lieu of a "Rewards Group" item.

Milwaukee Tool Package 2

900M iManifold Gauges

SMAN 460 Gauges and JL2 Wireless Transmitter

NEST PROTECT, SMOKE AND CARBON MONOXIDE DETECTOR

Nest Protect is no ordinary smoke alarm. It speaks to you in an emergency and sends an alert to your phone or tablet. The Nest Thermostat and Nest Protect also work together in unique ways. For instance, they can talk to each other and shut off the heat if there's a carbon monoxide emergency. Photoelectric smoke sensor, Carbon monoxide sensor, Heat sensor, Three activity sensors, Ambient light sensor, Humidity sensor.

WHITE-RODGERS SENSI WI-FI THERMOSTAT

Let a new kind of thermostat bring comfort to your unprogrammed life.

- With a Sensi thermostat, you're never stuck heating or cooling your home more than necessary.
- Save up to 30% in energy costs. This could be hundreds of dollars every year.
- Sensi's wifi-enabled technology adapts to your wishes whenever and from wherever you want. With other thermostats, the program you've entered calls the shots – unless you're there in your home to change it yourself.

The All-New VisionPRO® 8000

The next generation of a tried-and-true favorite

Now with RedLINK™ technology, the all-new Honeywell VisionPRO 8000 helps you sell a total comfort solution like never before. With universal installation capabilities across the residential and light commercial markets, you can standardize your inventory while growing your business.

MORE APPLICATIONS AND MORE INSTALL OPTIONS

- Now works in virtually any residential or light commercial setting
- Three flexible ways to install, which helps you solve a variety of wiring issues
 - Wired directly to the equipment
 - 2-wire or wireless with an Equipment Interface Module (EIM)
 - 2-wire or wireless with TrueZONE®

EVEN MORE INTUITIVE AND EASIER TO USE

- Plain language, on-screen setup helps reduce install errors and eliminates the need for a manual
- Allows installers to copy the Installer Setup from one thermostat to another with a microSD card
- On-screen dealer information displays with customizable alerts, encouraging repeat business

Product Transition

FOR INDUSTRY PROFESSIONALS

SINGLE/DUAL CAPACITOR Made in the USA

Today's AC motor run capacitors must meet rigid requirements to qualify for the two most important HVAC/R Industry specifications, EIA 456A and Tecumseh H-115. All TradePro USA motor run capacitors meet these demanding specifications. That means contractors can install TradePro USA run capacitors with the utmost of confidence.

TURBO200

CAPACITOR

The world's first multiple tapped, fluid-filled, metal can, motor-run capacitor, which eliminates the need to inventory more than 200 individual single or dual value capacitors with a voltage rating up to 440 VAC. The Turbo@200 capacitor has a combined total of 67.5 microfarads (mfd), with taps at 2.5mfd, 5.0mfd, another 5.0mfd, 10.0mfd, 20.0mfd and 25.0mfd.

		LEVEL 1	LEVEL 2	LEVEL 3
TURBO200	132678	\$66.48	\$65.15	\$63.19

EMERSON SURESWITCH- SHORT CYCLE/ BROWNOUT PROTECT

- Microprocessor controlled sealed compressor switching
- Line voltage brownout protection
- Short cycle protection
- Tricolor LED displays
- Heavy-duty lug connectors
- Zero chatter latching relay

		LEVEL 1	LEVEL 2	LEVEL 3
49P11-843	325890	\$42.40	\$41.55	\$40.31

ADJUSTABLE TIME DELAY

ADB-1

- Adjusts from 6 seconds to 8 minutes
- Spin proof knob
- Works with 24, 120 or 240 VAC control circuits
- Supports up to 1.5 AMPS
- 2 wire hookup
- Mounts with one self-tapping screw
- Solid state with quick disconnect terminals
- Conformal coated circuitry protects against moisture and shock
- U/L Recognized for USA & Canada

		LEVEL 1	LEVEL 2	LEVEL 3
ADB-1	054573	\$5.32	\$5.21	\$5.06

Great Products You Need from DiversiTech

Hef-T-Bracket™

230-B2L

- Wall mounted cross bar for strength and stability
- Ideal for condensing units
- Strong and durable

DrainGun™

GG-1

- Handheld power for cleaning drain line
- Uses SWOOSH CO₂ cartridges
- Lightweight and portable

Wet Switch

WS-1

- Water activated switch
- Shuts down equipment to protect surroundings
- Multiple unit connectivity

SURGE PROTECTORS

5-2-1 SURGE PROTECTOR 60K A & 150 K A

The 5-2-1 Surge Protector keeps your air conditioning system safe as it is specially designed to interrupt power surges, so they never reach your equipment.

- Protects equipment from damaging electrical surges
- Protects equipment from lightning strikes
- Saves homeowners from costly repairs - Comes with industry leading warranty

			LEVEL 1	LEVEL 2	LEVEL 3
SPD60	347688	60K A	\$27.33	\$26.79	\$25.98
SPD150	347689	150K A	\$40.96	\$40.14	\$38.94

INTERMATIC SURGE PROTECTOR

"The easy-to-install AG3000 surge protector is the perfect add-on for HVAC equipment. It features unmatched surge protection ratings.

- 120/240 VAC Single Split Phase SPD for use on a variety of HVAC Equipment
- Green LED: Protection Indicator

			LEVEL 1	LEVEL 2	LEVEL 3
AG3000	325980		\$45.39	\$44.49	\$43.15

INTERMATIC SURGE & COMPRESSOR PROTECTOR

Let the Compressor Defender™ take the hit so air conditioners are never interrupted. The all-in-one Compressor Defender device protects compressors and circuit boards in residential and light commercial applications from brownouts, surges, and short cycles. The protective device can be installed inside a condensing unit or on an outdoor compressor. It is also compliant with the AHRI standard

			LEVEL 1	LEVEL 2	LEVEL 3
CD1-024R	347833		\$83.28	\$83.28	\$83.28

KICK STARTS / HARD STARTS

Kickstart® HARD START DEVICE

- Kickstart® Hard Start Devices for all Reciprocating, Scroll & Rotary Compressors are the only hard start devices that are patented, U.L. recognized in the U.S. and Canada and approved by major compressor and equipment manufacturers for permanent installation

			LEVEL 1	LEVEL 2	LEVEL 3
TP-T05	030915	1-3 Ton	\$28.13	\$27.56	\$26.74

5-2-1 HARD START 2.0-5.0T SCROLL

A 5-2-1 Compressor Saver® (aka Hard Start Kit) significantly reduces the amount of time your AC Compressor takes to Start. Air conditioners with the 5-2-1 Compressor Saver® typically start in 30-50% less time than air conditioners without the product.

SUPCO PROGRAMMABLE VACUUM GAUGE-LIFETIME SENSOR

Dual port, high resolution, fast response digital vacuum gauge provides ultimate productivity.

- Auto shut-off • Made in USA
- Low battery indicator
- Convenient built-in hanger
- Easy to clean sensor (with Isopropyl Alcohol) • Audible and visual alarm for high and low vacuum
- Display updates every 1/2 second • Backlit LCD • Reads vacuum in Microns, milliBar, Pascals, Torr, & milliTorr • Ultra fine resolution (Best 0.5 micron when vacuum is less than or equal to 140 microns.)

INTRODUCING GEMTECH GT5E 5-CFM PREMIUM VACUUM PUMP

Built for the Air Conditioning Service-man who wants a high quality, dependable vacuum pump, the GT5E offers many higher end features without the higher end price.

With a large oil capacity, the GT5E operates at a lower temperature and requires less frequent oil changes during larger evacuations. Constructed of all heavy-duty metal and a scratch resistant powder painted cover and trap for durability throughout the years.

American made, 100% tested to GEMTECH stringent quality standards, backed by an unparalleled "24 month over-the-counter warranty, the GT5E is the best value vacuum pump in the industry.

Low Profile Rocker Switch to avoid inadvertently shutting off power

Brass fittings make for superior quality

Completely field repairable, rendering less down time so you can get the job done

*Tested to 25 Microns ensuring a deep vacuum

24 month warranty

2 Stage Direct Drive achieves a deeper vacuum

Internal check valve to prevent backflow during power failure

FRESH-AIRE UV® APCO®

WHOLE-HOUSE AIR PURIFIER

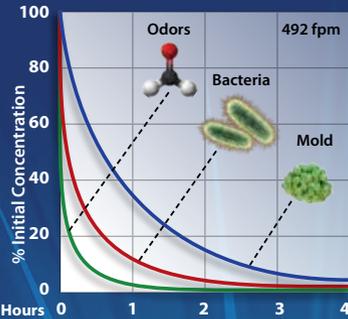

DETOX THE AIR

APCO® uses a unique combination of UVC light and activated carbon cells to reduce airborne odors, mold, germs and allergens throughout the entire home.

APCO® is installed in the duct work of the central air system so it can remove airborne contaminants as they pass by.

APCO® % Reduction of Common Indoor Air Contaminants Over 4 Hours

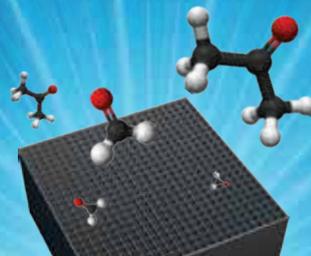

Laboratory studies show that after just a few hours of operation APCO® significantly reduces the most common forms of indoor air pollution*

* Visit www.freshaireuv.com/apco.html for more information

ENTER THE MATRIX

At the heart of APCO® is a matrix of activated carbon cells. These cells attract and holds odors and microbes which are then catalyzed by exposure to UV light. The cells are self-cleaning and the system is virtually maintenance-free.

FRESH-AIRE UV
INDOOR AIR QUALITY INNOVATION

RESIDENTIAL PRODUCTS

APCO® In-Duct Air Purifier

Winner of the 2011 AHR Innovation Award for Indoor Air Quality, APCO features UV light combined with activated carbon cells for Advanced PhotoCatalytic Oxidation. This ozone-free system is effective on odor causing and toxic VOCs as well as microbial contaminants.

Blue-Tube UV®

The most popular germicidal UV light product in the world. Keeps the central air system clean and reduces airborne contaminants. Choose from high or low voltage power supplies and several lamp options. Includes magnetic mounting bracket for easy, flexible installation.

Mini-UV System™

Award-winning UV light system for mini-splits & other limited-space applications features a miniature shielded UV lamp only 9" long with a 3/8" diameter - small enough to fit in the tightest of spaces.

Fresh-Aire UV® AHU Series 1

Similar to Blue-Tube UV® but comes with a heavy-duty water-resistant power supply that can support dual, triple, and quad lamps.

Fresh-Aire UV® Purity™

Our combined UV light and filtration system offers the ultimate enhancement to indoor air quality. The system features 4" filtration, UV sterilization, and PCO odor neutralization in a stackable filter housing.

Adding insulation to your attic is a blast with the AttiCat® Insulation Blowing Machine! It conditions the AttiCat® Expanding Blown-In PINK Fiberglas™ Insulation by breaking it up and fluffing it, adding millions of the tiny air pockets that give the material its insulating power. The insulation is conditioned further throughout the length of the hose, and as it bounces its way up to your attic, more and more air pockets are added, increasing its insulating power even more. And since Fiberglas™ insulation will not settle, it will keep its energy-saving R-value over time

CONDENSATE SYSTEM PRODUCTS

CONDENSATE PUMP

• Suitable for use with condensate from high efficiency condensing furnaces and boilers which produce acidic condensate. • Features include vibration dampening feet and motor mounts, metal hang tabs, four inlet holes, a clear indicator display, a float switch and check valve.

			LEVEL 1	LEVEL 2	LEVEL 3
TP-CP-20T-230	262280	230V	\$40.90	\$40.08	\$38.88
TP-CP-20T	262278	115V	\$40.90	\$40.08	\$38.88

CHARLES GALLO BRAND DRAIN GUN

Clears condensate drains with a SWOOSH! A lightweight (3 oz.) portable tool designed to blow out drain lines instantly. New larger SWOOSH CO2 cartridges now deliver 1200 PSI of oil free food grade to clear the line. Each unit comes equipped with a tapered fitting to work on 3/8in. - 3/4in. drain openings.

		LEVEL 1	LEVEL 2	LEVEL 3
CG1	010172	\$37.82	\$37.06	\$35.95

WET SWITCH® FLOOD DETECTOR

A solid state control designed to help prevent flooding, damage to carpets, walls, furniture, ceilings, etc. Now has a built-in test and reset button for easier installation. Turns system off when detecting moisture due to condensate or drain leaks. One or two drops will cause Wet Switch to turn off a unit, alerting a serviceman to a moisture problem.

		LEVEL 1	LEVEL 2	LEVEL 3
WS-1	055233	\$42.32	\$41.48	\$40.23

AG-1100+ MAGNETIC FLOAT SWITCH

- Protective housing keeps out insulation and debris
- The industry leading float switch for metal drain pans
- 5 amp high-capacity sensor designed for metal pans
- Easy, no-drill installation.

		LEVEL 1	LEVEL 2	LEVEL 3
96100	139111	\$8.39	\$8.22	\$7.97

SHUT-OFF/CLEAN-OUT "JONES" VALVE

The Jones Valve is a simple condensate drain line blow-out valve that is inexpensive and easy to use. Simply attach your nitrogen or compressed air tank hose to the 1/4" flare fitting on the Jones Valve, turn the handle 90°, and open the gas slowly to the line. Turn the handle 180° and clear the other side of the line.

		LEVEL 1	LEVEL 2	LEVEL 3
JV1	324712	\$7.92	\$7.76	\$7.53

Clear-Vue CONDENSATE PUMP

The new ClearVue™ condensate pump from DiversiTech is unlike any other pump available. ClearVue™ features iQ Technology™ which makes ClearVue™ the smartest condensate pump on the market. iQ Technology™ provides ClearVue™ the ability to "think" and adapt to changing conditions. IQP-120T includes 20' tubing.

RECTORSEAL PRIMARY PAN CONDENSATE SENSOR

The AquaGuard AG-3125E's primary pan sensor is mounted directly in the auxiliary drain of the primary drain pan.

If any condensate overflow is detected, the sensor will automatically shut off the system.

The AquaGuard AG-3125E is a high-amperage, solid state sensor with time delay, which contains no moving parts that could become clogged like competitors' condensate float switches. The primary pan auxiliary drain probe sensor's low profile design make any installation quick and easy for total condensate management.

Old School, Meet New Cool.

The simple and smart solution for HVAC/R installation and service.

Products & Accessories

Part No. Description

- 900M** **iManifold™ Wireless Digital Refrigeration Manifold.** Includes strap with hook, (2) 901M pipe strap probes, (6) AA batteries and Quick Start Guide.
- 900C** **iConnect™ Portable Measurement System.** Use wireless and wired probes to simultaneously measure and monitor temperatures, pressures, or relative humidity. Includes (6) AA batteries.

Accessories by Cooper-Atkins® Specifically for iManifold

- 901M** **Thermistor Pipe Strap Surface Probe.** Perfect tool to measure pipe surface temperatures. Quick & easy installation. Temp range: -25° to 212°F. Patented. 8" elastic strap.
- 902M** **Thermistor Air Probe (0.5") with 4" cord.** Temp range: -40° to 200°F.
- 903M** **Thermistor Air Probe (0.5") with 12 ft. cord.** Temp range: -40° to 200°F.
- 904M** **0.5" General Purpose Thermistor Puncture Probe.** Used to measure temperatures by insertion or immersion. Temp range: -40° to 300°F. 6 ft. cable (uncoiled).
- 905M** **Thermistor Pipe Clamp Surface Probe.** For pipe diameters up to 1-3/8" (3.5cm).
- 908M** **Thermistor Extension Cable, 10 ft.** Allows an operator to extend certain leads depending on use and location. Can be used with any thermistor units.
- 909M** **Extension Cable, 50 ft.** High quality extension cable will accurately send temperature readings to your display. Can be used with any thermistor units.

Wireless Probes All wireless probes also act as repeaters

- 911M** **Relative Humidity and Temperature.** Measures return & supply wet-bulb, dry-bulb, relative humidity.
- 912M** **Temperature.** 2 side ports to plug in optional wired probes.
- 913M** **Low Pressure & Temperature.** Use for measuring low side system pressure & line temperatures with optional wired probes.
- 914M** **High Pressure & Temperature.** Use for measuring high side system pressure & line temperatures with optional wired probes.

iManifold Kits

- 915M** **iManifold Performance Test Kit.** 900M, 911M (2), 902M, 905M, TB52 Tool Bag.
- 916M** **iManifold Performance Test Kit with Hoses.** 915M kit plus 955MRS (5 ft.) hose set w/low loss ball valve shut-off.

iConnect Kits

- 915C** **iConnect Airside Performance Test Kit.** 900C, 911M (2), TB52 Tool Bag.
- 916C** **iConnect Performance Test Kit with Airflow Measurement.** 900C, 901M (2), 902M, 905M, 911M (2), 912M, 913M, 914M, TB52 Tool Bag.

FRESH-AIRE UV APCO™ RT

ASHRAE PRODUCT OF THE YEAR

Introducing the Fresh-Aire UV APCO™ RT - the same UV light and carbon cell technology as the original APCO™ in a smaller package, suitable for installation into tighter spaces, narrower ducts etc. It also features a remote mounted power supply for greater installation flexibility. The Fresh-Aire UV APCO™ duct-mounted IAQ technology (based on UV light combined with an advanced absorptive photo-catalytic oxidation monolithic cell) has proven to be very effective against odors and potentially toxic volatile organic compounds (VOCs).

Nu-Calgon PRO CLENAIR GEL TUB

ClenAir odor neutralizing gel is a truly amazing product. Place the ClenAir gel tubs in the return of the HVAC system or in any room with an odor problem and the odor is quickly neutralized and eliminated. ClenAir is not a strong perfume that masks odors - it actually attacks the odor causing compounds and eliminates the odors leaving only the unique, mild, ClenAir freshness behind.

Nu-Calgon EASY SEAL LEAK REPAIR

A/C EasySeal is designed to prevent as well as repair leaks anywhere in the system, including condensers, evaporators, copper lines, and soldered joints. It is easily injected into the system, traveling with the refrigerant, searching for leaks. The fact that A/C EasySeal travels with the refrigerant is very important to its ability to find leaks faster, using less sealant than those sealants designed to mix and travel with the systems oil.

COIL AND PAN CLEANERS

NU-BRITE CONDENSER COIL CLEANER

A non-acid, alkaline-based product for cleaning and brightening air cooled condensers. It is formulated with the best available foaming detergents and chelants to quickly penetrate and dissolve greasy dirt and grime and foam it right out of the coil.

4291-08 044160 | LEVEL 1 \$19.44 | LEVEL 2 \$19.05 | LEVEL 3 \$18.48

ALKA-BRITE COIL CLEANER

A non-acid, alkaline-based product for brightening and cleaning air-cooled condensers, permanent filters and other finned heating and cooling coils. It is not recommended for indoor use and it should not be used on evaporator coils.

4120-08 230902 | LEVEL 1 \$18.90 | LEVEL 2 \$18.52 | LEVEL 3 \$17.97

SANI C-N-D™ COIL AND DRAIN PAN DISINFECTANT

Disinfect and deodorize the evaporator coil and drain pan with SANI C-N-D™, an EPA registered biocide, fungicide, viricide, and mildewstat. The broad spectrum biocide in SANI C-N-D™ assures control of many airborne pathogens that can be spread via contaminated air handling equipment.

A/C RE-NEW SYSTEM LUBRICANT

A/C Re-New has been used successfully for many years to improve the performance of air conditioning and refrigeration systems. A/C Re-New provides significant saving in energy use. It also quiets noisy systems and extends the life of the system. It is a lubricant that blends with the system's oil, lasting for the life of the equipment.

The pressurized package, 4057-50, is formulated for use in R-22, R-410A as well as other refrigerants in systems up to 5 tons.

4057-55 280187 | LEVEL 1 \$58.14 | LEVEL 2 \$56.98 | LEVEL 3 \$55.27

PRO-BLUE™ SUPERFOAM COIL CLEANER

• Leaves the coil clean and bright equal to or better than traditional acid formulations.
• Rapidly penetrates and loosens soil. Expanding foam extends contact time and lifts soil located deep within the coil. Foam and dirt are easily rinsed with water. • Does not contain hazardous hydrofluoric acid. The product is non fuming and is non corrosive to ferrous metals.

PRO-BLUE 279219 | LEVEL 1 \$12.39 | LEVEL 2 \$12.14 | LEVEL 3 \$11.77

MAXIMIZE YOUR FILTRATION

SOLUTIONS

EXACT-FIT MEDIA AIR CLEANERS

Part of Your Total Home Comfort Solution

These Whole House Exact Fit Media Air Cleaners were designed to fit any Rheem central heating system. They provide the most advanced filtration solution to make sure cleaner air is circulated to your entire home.

Exact Fit System – Cabinets are an exact-fit system solution to your Rheem residential air handlers and gas furnaces providing quick installation by your HVAC professional. Each cabinet includes one MERV 8 media filter.

Deep-Pleat Filters – With filters that perfectly fit the media cabinet, surface area is maximized allowing filters to last up to one year reducing replacement changes.

Traps and Filters – Reduces major pollutants, such as dust and pollen, from the air passing through your HVAC systems.

Finish – Granite paint matches Rheem equipment.

5-Year Limited Warranty* – We stand behind our warranty and make it easy for our customers to work with us.

* Refer to owner's manual for warranty information.

Nu-Calgon REFRIGERANT SYSTEM FLUSH

Rx11-flush is a unique solvent engineered specifically for flushing refrigeration and air conditioning systems. Based on patented HFC solvents developed by DuPont®, Rx11-flush is ozone-safe, non-toxic, and non-flammable. Used exactly like the old R-11 flushing process, its patented HFC based solvent formulation is powerful enough to flush away sludge, carbon residues, oils, acids, water and other particulate. It enhances system's service life and avoids the need for time-consuming repeat visits. Rx11-flush is ideal for system flushing after burnouts, during retrofits and for flushing line sets for R-410A conversions.

TRADE PRO DISCONNECTS

FUSES INSTALL INTO PULL-OUT HANDLE

The TradePro disconnect switch is available in two versions – fusible and non-fusible. On the fusible configuration, the pull-out handle also functions as a removable fuse holder. This feature permits easy removal and replacement of fuses. Rather than requiring a fuse puller to reach inside the disconnect switch and remove the blown fuses, one can easily change the fuses with the fuse holder removed from the disconnect switch.

INDICATOR LIGHT FOR BLOWN FUSE

The fusible disconnect switch has an indicator light for fuse condition. When a fuse is blown, the red indicator light illuminates to show not only that a fuse is bad, but specifically, which fuse needs replacement. This feature provides rapid troubleshooting for the contractor inspecting an installation. One can tell instantly (visually) whether a fuse is bad.

MOUNTING AND INLINE WIRING

A unique feature to the TradePro disconnect switch is the design of wiring terminals inline. This straight-line arrangement provides for quick and easy wire connection — no need to cut the connection wires to different lengths. All wires are easily installed without unnecessary bending or twisting.

REVERSIBLE SIDE OPENING DOOR

The unique reversible side opening door provides for easy field change from left-hand hinge to right-hand hinge. The standard left-hand hinge is adequate for most all installations except for tight, inside, right-hand corners. In these instances, simply remove the two stainless steel hinge clips and move them to the right-hand side. This permits the door to hinge on the right.

TradePro Disconnect Switches

HILMOR PRODUCTS

FS QUICK ENGAGE COMBO FLARE & SWAGE KIT

Every second counts on the job. That's exactly what inspired us to create the hilmor Quick-Engage Flare and Swage Kit. It's all about easy. Just push down the yoke to engage the tube, and with fewer rotations than your current tool, you've got a precise flare or swage.

1838947 **330753** | LEVEL 1 \$135.71 | LEVEL 2 \$133.00 | LEVEL 3 \$129.01

9IN1SV HVAC MULTI-TOOL 9 IN 1

More Torque:
A slip-resistant grip allows for maximum leverage.
Extra Durable:
Designed with thick shaft walls for long life and less stripping.

1839053 **330773** | LEVEL 1 \$9.99 | LEVEL 2 \$9.79 | LEVEL 3 \$9.49
 1891259 **351019** Ratcheting | \$19.29 | \$18.90 | \$18.33

DROT2TCC DUAL READOUT THERMOMETER, CLAMPS

Makes Calculations Easier: The industry's only manifold-compatible compact thermometer with two readings to help simplify the calculation of superheat and subcool. Superior Versatility: Use it on any gauge set, or remove it and use it independently. Reads Temperatures Quickly: Two easy-to-use, K-style tube clamp thermocouples get you to the temperature reading quickly.

1839106 **330789** | LEVEL 1 \$122.14 | LEVEL 2 \$119.70 | LEVEL 3 \$116.11

QCND 1/4" & 5/16" QUICK CHANGE MAG ND

Added Versatility: Quickly switch between 1/4" and 5/16", the two most common sizes.
Secure Hold: A magnetic tip on both ends keeps fasteners firmly in place.
Quick Identification: A color-coded insert on the bands and bottom makes size identification simple.

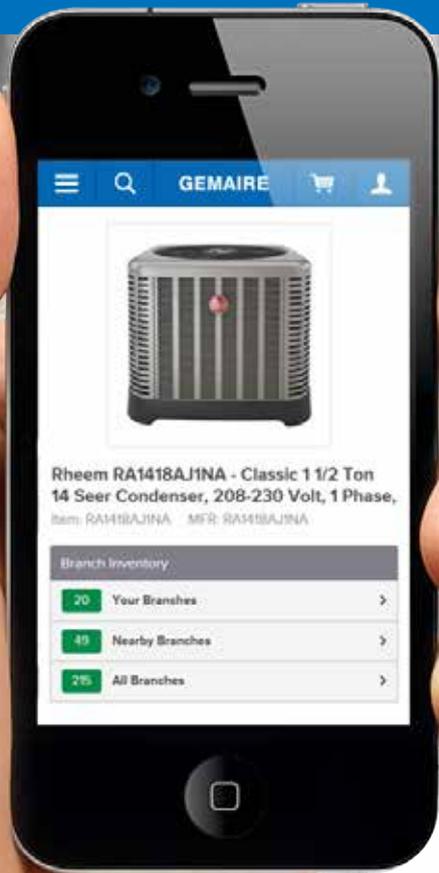

1839054 **330774** | LEVEL 1 \$16.27 | LEVEL 2 \$15.95 | LEVEL 3 \$15.47

hilmor™

RPTC238 RATCH 2-3/8 MAX OD

When you need reliability on the job, get a hold of hilmor's 2-3/8" Ratcheting Plastic Tubing Cutter. An ergonomic, cast-aluminum body and bi-carbon steel blade increase the life and durability of this tool, while both handles easily pull apart to quickly start the next cut. Easy to open simply pull both handles apart to quickly start the next cut.

			LEVEL 1	LEVEL 2	LEVEL 3
1885395	342169		\$116.44	\$114.11	\$110.69

hilmor™

BACKPACK TOOL BAG

The hilmor Backpack Tool Bag is a comprehensive job-site sidekick. It includes 19 exterior and interior pockets so you can store your tools safely and find them quickly. Two padded, zippered side pockets provide safe storage for your meter. Plus, it features a metal loop, giving you an easy way to transport your manifold. Its sturdy rubber, water-resistant bottom means rain or shine, the contents inside won't be damaged even in the roughest work environment.

			LEVEL 1	LEVEL 2	LEVEL 3
1839080	330780		\$67.50	\$66.15	\$64.17

hilmor™

CBK COMPACT BENDER KIT 1/4" TO 7/8"

Simple Setup: Universal crossbar and color-coded mandrels make identifying and changing sizes quick and easy. One-handed Operation: A ratcheting mechanism and innovative release lever allow for bending with one hand. Small Space Capable: A compact design allows it fit where others can't. Quality Finish: An advanced mandrel design reduces frustration and makes it simple to release the tube.

			LEVEL 1	LEVEL 2	LEVEL 3
1839032	330763		\$162.86	\$159.60	\$154.81

hilmor™

CS COMPACT SWAGE TOOL 3/8" TO 1-1/8"

Picture-perfect Swaging: Simply select the correct head, place it on the tool and make a quality swage. Less Effort, More Control: The power to swage 1-5/8" tubing and the control to swage 5/16" without splitting the tube. Small Space Capable: A compact, pistol shape allows it to fit into the smallest of spots, even on a ladder. One-handed Operation: The lever mechanism and release button allow for one-handed swaging without the fatigue.
