

AC/SMARTSEAL™ is a revolutionary product that travels with any refrigerant to seek out leaks in cooling systems. This product is ideal for direct pinhole repairs and the prevention of refrigerant leaks. The non-clogging, polymer free formula is proven and engineered for harsh and vibrating conditions. This innovative 3-in-1 product includes Sealant, Cool Enhancer and UV Dye.

- Ideal for Preventing Refrigerant Leaks or Direct Repairs
- Permanently Seal Leaks of Refrigerant Gas in AC and Refrigeration systems
- Compatible with all Refrigerants
- Polymer Free
- Approved by OEM's
- Not Activated by Oxygen or Moisture
- Non-clogging of all Components
- Engineered for Rugged, Harsh and Vibrating Conditions

AC/SMARTSEAL™ is ideal and effective on condensers, evaporators, hoses, gaskets and O-rings.

- Saves time and money
- Keeps your business, residence and system cool
- Keeps your vehicles in service
- Proven fast, effective and permanent
