

Installation

Filter Grill

Self-Contained Unit

Window Unit

Simply remove your present inefficient disposable filter and replace it with a Permanent Air-Care™ Electra Gold Electrostatic Air Filter. No special electrical hookup or system modification is required. It's just that simple! It goes to work for you immediately and will give you years of trouble-free service.

Lifetime Warranty

Air-Care™ Warranties its products to be free from defects in material and workmanship, at the original place of installation, for the life of the unit in which it is installed.

Air-Care™ will repair or exchange any of its products defective in material or workmanship. Repairs or exchanges are limited to the original purchaser.

General Conditions

This warranty shall not apply to any Air-Care™ filter which has been modified or altered in any way, or which has been subject to misuse, excessive heat, or improper installation.

NEW ANTI-BACTERIAL AND ANTI-MICROBIAL

**You can have clean air
in your office or home
all the time**

Air-Care™ Electrostatic Air Filters clean the air by using static electricity - a safe, naturally occurring phenomenon. An electrostatic charge is generated by air flowing through a maze of static prone fibers. Airborne particles are attracted and held by the static charge, until released by washing.

Electrostatic Filtration

Illustrations below show typical dust loading pattern of the electrostatic fibers. This unique characteristic improves air flow while providing maximum filtration.

Clean Filter

Dirty Filter

Benefits You Can Live With

- Cleaner air to breathe
- Removes pollen, dust and airborne pollutants with up to 94% arrestance
- Less house cleaning
- Anti-microbial
- Reasonably priced
- No harmful ozone emissions
- High dust & particle holding capacity
- Standard and custom sizes available
- Lifetime warranty

Cleaning is Quick & Easy

On a monthly basis (more often if needed) follow these easy steps:

- Simply remove the air filter.
- Flush with water in opposite direction of air flow arrows then rinse other side.
- Spray with ZAP! CLEANER to remove stubborn stains.
- Rinse thoroughly to remove remaining dirt.
- Drain excess water and reinstall.
