

16 SEER AIR CONDITIONING SYSTEMS

The Ameristar line of heating and cooling products offer you flexible and affordable options for HVAC equipment replacement. The Ameristar product line should provide an opportunity to capture volume and market share with today's budget-conscious consumers that are looking for more efficient heating and cooling systems.

- Ameristar units are available in 16 SEER (R-410A) models
- 1.5 - 5 ton models available.
- Painted, galvanized steel cabinets resist rust and stand up to weather.
- The compact design and small footprint are ideal for homeowners with limited yard space
- Units operate quietly, with a maximum sound level of 67 db.
- 24V low-voltage control provides added safety.

AMERISTAR WARRANTIES

Registered Limited Warranty terms are applicable if the products are registered within 60 days of installation. Products can be registered online at ameristarthvac.com or by phone at 866-554-5611, otherwise Ameristar's Base Limited Warranty terms will apply. Base Limited Warranty terms can be found online at ameristarthvac.com. Warranties are for residential use only; some restrictions may apply.

Warranties available include:

- 5-Year Base Limited Parts Warranty
- 10-Year Registered Parts Warranty

Offer your customers control over their system with a programmable thermostat.

16 SEER AIR CONDITIONING SYSTEM MATCHES

M952V Upflow Furnaces

- All furnace models feature a standard silicon nitride igniter.
- 95% furnace models feature aluminized steel heat exchangers to conduct heat quickly and increase durability.
- Ameristar furnaces are built for flexibility to suit varied installations.
- 95% furnaces are fully convertible to either natural gas or propane, making them suitable for use in any area.
- M952V models meet EnergyStar requirements.
- Galvanized steel cabinets resist corrosion.

4MXC Coils

- Ameristar indoor coils can be used in systems from 13 up to 16 SEER.
- 1.5 – 5 ton models available.
- 13 different models are available to suit a variety of situations and budgets.
- All Aluminum coil design.
- 4MXC Ameristar cased coils may be installed in upflow, downflow or horizontal applications to fit the space provided in your customer's home.
- Foil-faced thermal insulation makes cleaning simple and helps reduce service time.

4GXC Coils

- Ameristar indoor coils can be used in systems from 13 up to 16 SEER.
- 1.5 – 5 ton models available.
- 13 different models are available to suit a variety of situations and budgets.
- All Aluminum coil design.
- 4GXC Ameristar cased coils may be installed in upflow or downflow applications.
- Foil-faced thermal insulation makes cleaning simple and helps reduce service time.
