

SOLAR SECURITY

OFF-GRID LIGHTING // FL6WWSP

Now you can have powerful LED illumination wherever you want it! The FLOOD-IT™ Solar Security pack combines high quality lithium-ion batteries and solar power to enable totally off-grid self sufficient lighting.

Simply mount the included high-efficiency solar power to charge in daylight, even on cloudy days, and it will charge the floodlight's battery cells ready for the night.

The motion detector ensures that the light is only active when it needs to be and you can fine tune the settings however suits your needs.
