

Thoughtfully designed. Expertly engineered.

THE HONEYWELL HOME T SERIES

Fits your business to a T.

BRILLIANT

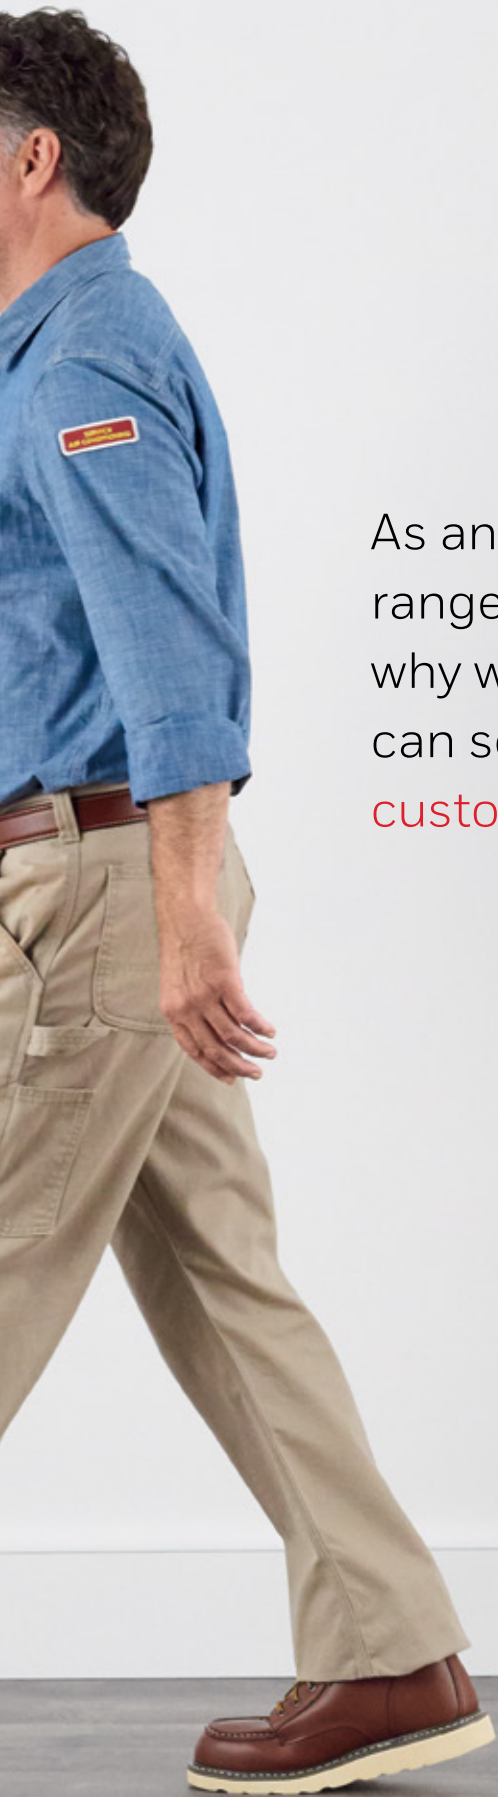

Meet the next generation of everyday comfort solutions.

*T10 Pro Smart Thermostat
with RedLINK™ Room Sensor*

Get to know Honeywell Home T Series.

The T Series is a portfolio of non-connected and Wi-Fi connected thermostats that streamlines everything from product selection and installation to customer service and support. With a standard mount and simple interface, the T Series will enhance the entire thermostat experience for you and your customers alike.

As an HVAC contractor, you serve a broad range of customers with unique needs. That's why we've expanded the T Series – so you can serve even more customers with more **customized solutions.**

UWP
mounting
system

A thermostat series designed with **CONTRACTORS IN MIND**

Intuitive setup

Fits your technicians to a T

Every T Series thermostat features on-screen menus with familiar installer setup (ISU) steps, helping to eliminate the learning curve that can come with a new product. Your techs will be T Series experts in no time.

Faster installs

Fits your install process to a T

With the UWP mounting system, you can standardize your training program, install process, and truck stock – helping your techs get in and out and on their way more quickly and efficiently.

Easy upsell

Fits your revenue model to a T

The T Series has a snap-together design that enables you to easily move customers from a non-connected to a connected thermostat without having to rip and replace the connector and cover plate.*

*C-wire required

Discover all the ways the Honeywell Home T Series fits your business to a T. Get product info, training materials and more at [ForwardThinking.HoneywellHome.com/TSeries](https://www.honeywellhome.com/TSeries).

DELIVER CONNECTIVITY

without the complexity

Consumers want a connected experience that streamlines and simplifies home comfort. The T10 Pro Smart Thermostat with RedLINK™ Room Sensor and T6 Pro Smart Thermostat will fit their needs to a T. They're easy to use, easy to love, and best of all, easy for your techs to install and set up.

Smart Features

Flexible comfort control

The T10 Pro Smart with RedLINK™ Room Sensor allows homeowners to prioritize comfort in the rooms that matter most, using time-based scheduling, motion detection or geofencing. The T6 Pro Smart allows homeowners to customize comfort using geofencing or scheduling.

Seamless smart home integration

The T10 Pro Smart and T6 Pro Smart seamlessly integrate with smart home partners like Google Assistant and Amazon Alexa for customers who want to control all their smart home devices with voice commands or a single app.

Simple Functionality

Familiar installer setup

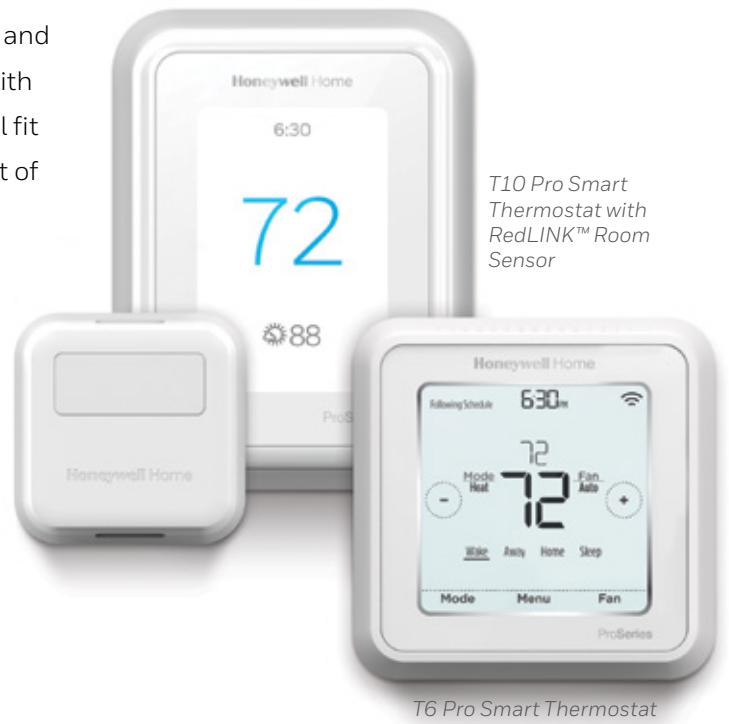

Technicians can configure the T10 Pro Smart and T6 Pro Smart and connect to Wi-Fi right on the device – making installation quick and easy.

Intuitive operation

Homeowners can choose to do scheduling on the thermostat, or they can use the highly rated Honeywell Home app.

Optional IAQ control

With the T10 Pro Smart, you can control one humidification, dehumidification or ventilation solution, and with the T6 Pro Smart, you can choose optional ventilation control and dual fuel.
