DISSOLVES SCALE

USDA ACCEPTED

DIRECTIONS FOR USE: Follow equipment manufacturer's cleaning instructions. If not available, use the following as a guide:

1. Read entire label & Safety Data Sheet before use.
2. Drain machine and refill with fresh water.
3. Turn off refrigeration and leave pump in operation if possible.
4. Add H.B. 30 to circulating water at the rate of 3 - 6 ounces per gallon.
5. Circulate for approximately 30 minutes, brushing solution on surfaces not contacted by circulating solution. Extra heavy scale may require repeat application. Clean drums by mixing 8 ounces H.B. 30 with 2 quarts water and brush on scaled surfaces.
6. After cleaning, drain and flush thoroughly with fresh water.
