NEW! Ready to use delivery method.

Compressor Burnout Acid Neutralizer

- Quick & easy to inject
- Disposable injector
- Safe for all oils
- Compressor parts safe
- Contractor preferred
- Same proven, chemical formulation

A Quick & Unique solution

to removing and preventing acid buildup in A/C and refrigeration systems.

Acid-Away® PRO

Compressor Burnout Acid Neutralizer

Code	Description	Qty.
45016	Acid-Away PRO	12

FEATURES

- Quick & easy to inject
- Disposable injector
- Compressor parts safe
- No harmful effects
- Tested to ASHRAE standards 86-1983 & 97-1989 by premier independent testing institute

Application • Chemical treatment for use in air conditioning and refrigeration systems that have experienced a burnout, or operating systems that are showing buildup in acid content • Acid-Away PRO quickly circulates throughout the system and chemically neutralizes acids that are always left in air conditioning or refrigeration systems after a burnout occurs • Once neutralized, the acid can no longer continue developing corrosion impeding it from causing another burnout to the system

Recommended for • Air conditioning and refrigeration systems • Safe for all oils • Acid-Away may be used in either hermetic or semi-hermetic compressors that operate with standard CFC or HCFC refrigerants

Acid Level	Dosage
Light	1.5 oz of Acid Away PRO for each 64 oz of compressor oil volume
Medium	1.5 oz of Acid Away PRO for each 48 oz of compressor oil volume
Heavy	1.5 oz of Acid Away PRO for each 24 oz of compressor oil volume
