

# Model RJNL 13 SEER 3-6 Tons Model RJPL 14 SEER 3-5 Tons

You're looking at the best you can buy in a commercial package heat pump. A step up in design, technology and efficiency – creating a more efficient bottom line for your company.

## RJNL/RJPL Series Package Heat Pump Models

- High-efficiency 13 and 14 SEER rating for economical cooling and heating
- Available in both single-phase and three-phase models, and in capacities ranging from 3 through 6 tons
- Uses common roof curbs and is easily adaptable to either down discharge or side discharge to accommodate almost any installation requirement
- Full perimeter baserail, with forkable lifting slots, provides handling flexibility
- Externally mounted refrigerant gauge ports allow for easier diagnostics
- Service and installation time is reduced due to simple, removable panels that give quick access to the filter, blower, electric heat, compressor and control compartments

**R-410A**  
with friendly refrigerant

## Quality That Endures

The Rheem *Commercial Series* 13 and 14 SEER Package Heat Pumps combine money-saving efficiency, whisper-quiet operation, environmental-friendliness and superb reliability to bring you peace of mind – year after year. Nothing performs more dependably than a Rheem Package Heat Pump. It's that simple.

*relax*  
It's Rheem®

## A Look Inside

### Rheem Commercial Series

## Model RJNL 13 SEER Model RJPL 14 SEER Package Heat Pump

**R-410A**  
earth friendly refrigerant

### The Features You Want

- 1 The Compliant Scroll® Compressor**  
Uses an advanced technology that has fewer moving parts, is quieter, and longer lasting.
- 2 Durable Cabinet/Water Management**  
The low-profile cabinet features a durable powder-paint finish for superior protection from the elements. Louvered panel kits are also available for added protection of the condensing coil.  
**Water Management:**
  - One-piece top over indoor section
  - Drawn, painted durable base pan
  - 1" raised flanges for supply/return air connections
- 3 1" Factory Installed Filter**  
There are also provisions for field installed 2" filters.
- 4 High Static Motor Options**  
Direct or belt-drive options available to accommodate design conditions up to 1.5" of external static pressure.
- 5 Optional Electric Heater Kits**  
Factory or field installed kits available up to 24 kW.
- 6 Forkable Base Rails**  
Allows for easy maneuvering and installation.

### Limited Warranty Information

All of our Rheem package units were developed with dependability and durability in mind. The RJNL and RJPL models feature a 10-year conditional compressor warranty, for single-phase models installed in residential applications. A five-year compressor warranty applies to all single and three-phase models installed in commercial applications. All other parts have a limited warranty of one year for single and three-phase models installed in commercial applications, and five years for single-phase models installed in residential applications.

### Protection You Can Count On

Our exclusive Protection Plus® service contract program, available in most areas, offers you and your clients the peace of mind of extended warranty protection when the manufacturer's limited warranty ends.
