

Rheem Package Air Conditioner

**Model RLNL 13 SEER**  
**Model RLPL 14 SEER**

3 - 5 TON PACKAGE UNITS

You're looking at the best you can buy in a commercial package air conditioner. A step up in design, technology and efficiency – creating a more efficient bottom line for your company.

### RLNL/RLPL Series Package Air Conditioners

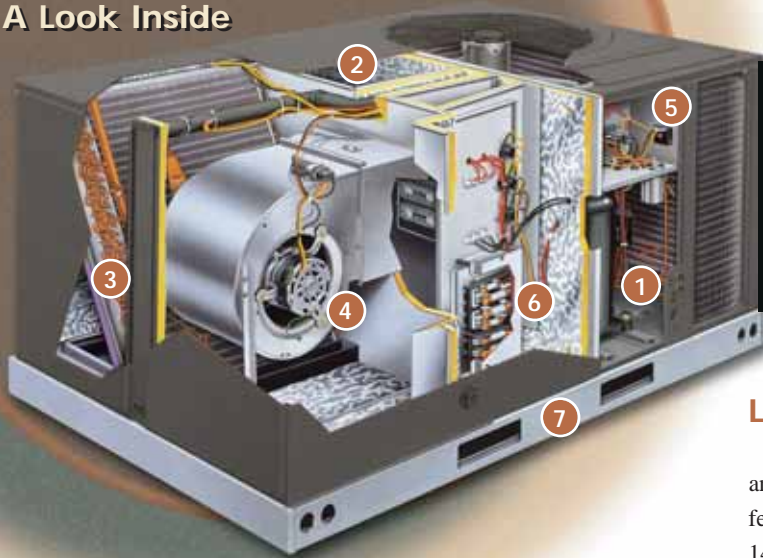

- Featuring Earth-Friendly R-410A Refrigerant
- Quiet, reliable Copeland® Compliant Scroll® Compressor with 5-year to 10-year limited warranties
- High-efficiency 13 and 14 SEER rating for economical cooling
- Available in both single-phase and three-phase models, and in capacities ranging from 3 through 5 tons
- Uses common roof curbs and is easily adaptable to either down discharge or side discharge to accommodate almost any installation requirement

### Quality That Endures

The Rheem *Commercial Series* 13 and 14 SEER Package Air Conditioners combine money-saving efficiency, whisper-quiet operation, environmental-friendliness and superb reliability to bring you peace of mind – year after year. Nothing performs more dependably than a Rheem Package Air Conditioner. It's that simple.

## A Look Inside

### Rheem Commercial Series

## Model RLNL 13 SEER Model RLPL 14 SEER Package Air Conditioner

### Limited Warranty Information

All of our Rheem package units were developed with reliability and durability in mind. The Copeland® Compliant Scroll® Compressor features a five-year limited warranty on all 13 SEER models, and on 14 SEER single and three-phase models installed in commercial applications. In addition, a 10-year limited warranty is offered on 14 SEER single-phase models installed in residential applications. All other parts have a limited warranty of one year for single and three-phase models installed in commercial applications, and five years for single-phase models installed in residential applications.

### The Features You Want

- 1 The Scroll® Compressor**  
Uses an advanced technology that has fewer moving parts, is quieter, and longer lasting.
- 2 Durable Cabinet/Water Management**  
The low-profile cabinet features a durable powder-paint finish for superior protection from the elements. Louvered panel kits are also available for added protection of the condensing coil.  
**Water Management:**  
One-piece top over indoor section  
Drawn, painted durable base pan  
1" raised flanges for supply/return air connections
- 3 1" Factory Installed Filter**  
There are also provisions for field installed 2" filters.
- 4 High Static Motor Options**  
Direct or belt-drive options available to accommodate design conditions up to 1.5" of external static pressure.
- 5 Control Box Access**  
Our electro-mechanical controls use proven, dependable technology to control all cooling and heating operations reliably and efficiently. Our numbered and color-coded wires make troubleshooting a breeze.
- 6 Optional Electric Heater Kits**  
Factory or field installed kits available up to 24 kW.
- 7 Forkable Base Rails**  
Allows for easy maneuvering and installation.

### Protection You Can Count On

Our exclusive Protection Plus® service contract program, available in most areas, offers you and your clients the peace of mind of extended warranty protection when the manufacturer's limited warranty ends.
